Re: Sunnyside Neighborhood Association - No Hate Resolution

The Sunnyside Neighborhood Association believes that everyone and every community deserves a safe, prosperous, and peaceful life free from hate and harassment. We recognize and honor our collective resilience and our right to nurture our communities from a place of compassion, security, and belonging.

The Sunnyside Neighborhood Association further supports and endorses the Community and City Response to Hate Joint Statement as Portland United Against Hate - a community initiated partnership of Community Based Organizations, Neighborhood Associations, concerned residents, and the City of Portland.

As part of this support, the Sunnyside Neighborhood Association endeavors to reach out to various community groups that combat hate to learn ways to support and provide resources that help our neighbors who may identify with a marginalized population.
